Innovation

We embrace innovation to deliver better, faster, and more efficient solutions.

EXCEPTIONAL PERFORMANCE

At Saterra Energies, we are driven by a passion for excellence and a commitment to delivering solutions that empower industries and communities alike. Our mission is to provide services that are not only efficient and innovative but also meeting the unique needs of our clients.

We understand that every project is an opportunity to build trust, inspire progress, and create value. This understanding shapes our methodology, where safety, integrity, and collaboration serve as the foundation of our work. Whether it's supporting logistics, infrastructure development, or offering advisory services, our focus remains steadfast on delivering results that exceed expectations.

We believe in the strength of partnerships -both within our team and with our clients. Together, we achieve remarkable outcomes. I invite you to explore our services and discover how Saterra Energies can help bring your vision to life.

Thank you for choosing to journey with us.

Safety

We prioritise the safety and well-being of our employees, clients, and communities.

ABOUT US

Who We Are

Saterra Energies is a dynamic company specialising in delivering tailored solutions to meet diverse client needs across industries. We are committed to excellence, driven by our passion for creating value and fostering long-term partnerships. With a focus on quality and reliability, we combine expertise with innovation to exceed expectations.

Saterra Energies is built to becoming the most preferred market leader in West Africa and the world at large. We aim to build an unparalleled reputation as a supplier in the Oil and Gas sector.

Vision

To be the leading provider of solutions that shape the future of our industries recognized for our commitment to innovation, operational efficiency, and dedication to making a positive impact in the communities we serve.

Mission

To deliver high-quality, dependable services and products that exceed client expectations. To build lasting partnerships by maintaining the best practices in every project and by continuously improving our operations to meet evolving marketplace needs.

CORPORATE VALUES

Safety

We prioritise the safety and well-being of our employees, clients, and communities. Ensuring a safe working environment is at the core of our operations, and we enforce strict safety standards and procedures to protect everyone involved.

Innovation

We embrace innovation to deliver better, faster, and more efficient solutions. By staying adaptable and forward-thinking, we ensure that our services remain relevant and impactful in a rapidly changing world.

Collaboration

We believe in the power of teamwork, both within our organisation and with our clients and partners. We foster a culture of teamwork, mutual respect, and open communication, ensuring that all stakeholders work together to achieve shared goals.

Integrity

We are committed to conducting our business with honesty, transparency, and accountability. Integrity guides our decisions, building trust with our clients and within our team.

Client Focus

Our clients are at the centre of everything we do. We listen to your needs, respond quickly, and deliver solutions that add real value. Our focus is always on building long-term relationships that help our clients succeed.

OUR SERVICE AREAS

Saterra Energies specialises in delivering tailored solutions across a wide range of industries. Our expertise spans procurement, logistics, shipping, project management, tanks supply and manpower services. Each service is designed to meet the unique needs of our clients, ensuring efficiency, reliability, and measurable results.

Oil and Gas Supply Chain Management Support

We provide comprehensive services across the oil and gas value chain, covering upstream, midstream, and downstream operations. Our capabilities include detailed engineering, scoping, Pre-FEED and FEED, compression, gas processing and storage, crude treating and transport, pipeline and SCADA, enhanced oil recovery, and petroleum product trading. These services ensure safety, efficiency, and reliable project delivery.

Engineering

Saterra delivers integrated Engineering, Procurement, and Construction (EPC) services across the oil and gas value chain. Our scope includes compliant storage tanks and infrastructure, onshore pipeline construction, process and plant layout, and full installation and maintenance covering civil, mechanical, structural, electrical, instrumentation, and automation. We also provide pipeline pigging, inspection, and storage facility maintenance to ensure reliability and operational efficiency.

Procurement

Saterra provides equipment and material supply services, including valves, flanges, pumps, nozzles, seals, O-rings, bolts, and nuts. We also support heavy-duty equipment supply, installation, and maintenance such as OCTG, pipes, and subsea systems. Our capabilities cover HSE procurement, OEM representation, inquiry and RFP management, evaluation and selection, subcontractor negotiations, and purchase order administration.

Logistics

We provide specialized transportation and logistics services, including sea and air freight, barge operations, and delivery of cargo, fuel, water, and supplies to offshore rigs, platforms, and vessels. We also offer haulage for goods, materials, and petroleum products, alongside protocol, travel, and integrated logistics support to ensure safe, efficient, and timely operations across project locations..

Project Management and Technical Consultancy

We provide project management and technical consultancy services covering contract and scope management, personnel oversight, and effective communication coordination. Our capabilities include earned value monitoring, capital budgeting, risk assessment and mitigation, and client engagement. We also manage construction implementation teams and provide skilled manpower supply to ensure efficient, timely, and cost-effective project delivery

Petroleum Storage, Terminaling and Trading

We provide industry-compliant oil and gas storage tanks and related infrastructure to support upstream operations. Building on our existing assets, we leverage our storage infrastructure and international partnerships to trade middle distillates, including LPG, naphtha, HFO, AGO, and other refined products.

Power Utilities and Renewable Energy

Saterra supports conventional and renewable power projects through integrated logistics, construction, and advisory services. Our scope covers gas-fired and captive power, solar, wind, and battery systems, infrastructure development, mini-grid design and commissioning, SCADA and gas control, substations, environmental permitting, and startup support. These capabilities enable reliable, efficient, and sustainable energy solutions across project lifecycles.

HEALTH SAFETY AND ENVIRONMENT POLICY STATEMENT

Saterra Energies will make proper provision for the health, safety and welfare of our people, clients/visitors and contractors, and those in the community who may be affected by our activities. We will care for the environment through a commitment to good environmental practices. Continual improvement will be achieved by implementing our Health, Safety & environment (HS&E) Management System and related standards.

We shall meet relevant legal, industry and other operating requirements. All new activities will be assessed for environment impact and appropriate health and safety provision.

All Executive management personnel are responsible for enacting this policy and giving HS&E equal priority with all other business issues. Implementation will be through line management.

it is recognized that accidents, ill health and environmental incidents may result from failings in management control and are not necessarily the fault of an individual employee.

All employees however, are expected to accept their responsibility to work safely, adhering to safety rules and work procedures, using safety equipment provided, and generally to contribute to the maintenance of safe and healthy conditions.

CLIENT EXPERIENCE / CLIENT FOCUS

We are dedicated to providing an exceptional client experience by understanding and anticipating our clients' needs. Through direct communication, tailored solutions, and a results-driven approach, we ensure that every project meets or exceeds client expectations. Our focus on collaboration, responsiveness, and delivering value strengthens our relationships and positions us as a trusted partner in all client engagements.
